Acknowledgements

The National Curriculum Development Centre wishes to acknowledge with sincere appreciation various parties whose efforts were very instrumental in the development of the Early Grade Reading materials which are now available to support the implementation of the Thematic Curriculum in Uganda primary school.

Special gratitude goes to the United States Agency for International Development (USAID) for funding the USAID/Uganda School Health and Reading Program implemented by RTI International which has enabled the development of the materials. Our thanks also go to the Ministry of Education and Sports (MoES) for providing systemic guidance which has contributed to the smooth implementation of the Program.

We wish to recognise the contribution of the team of writers, editors and illustrators who worked tirelessly on the development of the materials in the local languages and English.

Special thanks go to the consultants from SIL LEAD for their expertise and technical guidance, which guided the work on the orthographies and material development.

Last but not least, we wish to acknowledge all those behind the scene who formed part of the team that worked hard to finalise the work on materials developed by the different writing panels.

DIRECTOR
NATIONAL CURRICULUM DEVELOPMENT CENTRE
Foreword

Reading ability and its long term consequence of learning effectiveness is a leading issue in the current quality education debate. Government of Uganda recognises that learning to read and write effectively is a good reason for children to stay in school, and fundamental not only to their completion of the basic education cycle but also to their future personal, academic and social success. However, research in the two decades before 2010 constantly revealed that Uganda’s children were unable to read in both their mother tongue and English. These revelations constitute a threat that universalisation of basic education without systematic reading instruction will not offer Uganda’s children the benefit of literacy.

To make schooling more beneficial for the participants of the Universal Primary Education program, leaders need to champion interventions focused on quality instruction. The United States Agency for International Development (USAID) and Government of Uganda have through a cooperative agreement, supported the USAID/Uganda School Health and Reading Program (SHRP) in the implementation of a tested early grade reading methodology across the first four years of primary school. The five year program is being implemented to deliver high quality technical assistance and material inputs to strengthen the education system’s capacity to improve the mother tongue and English reading abilities of children. This target will be attained through the production of materials in 12 local languages and English and training of teachers to develop the foundational skills of:

a) Phonemic awareness;
b) Alphabetic principle;
c) Vocabulary;
d) Fluency, and
e) Comprehension.

The system’s investment will result, ultimately in the development of primers and teacher guides and training of teachers. District/Municipal Education Officers/District/Municipal Inspectors of Schools, Principals, college tutors and early grade teachers are all key stakeholders in the intervention. Their implementation efforts will determine the impact of the intervention that will be measured when the Program conducts its local language and English Early Grade Reading Assessment (EGRA) in the intervention districts.

The intervention could not have come at a better time; the nation and her development partners are waiting to witness the change as the children of Uganda reap the benefits! We must all therefore support the school level implementation to maximise the benefit or these materials.

Introduction

The **Introduction** section to the teacher’s guide provides you with an overview of the Ministry of Education and Sports early grade reading model.

It includes information on the following:

- the six foundational principles upon which the model is built;
- the five key components of literacy instruction;
- the major methods that teachers use in the classroom on a daily basis, and
- how the literacy model supports the thematic curriculum, including an overview of the continuous assessment model.
Introduction

The School Health and Reading Program Literacy Model

Young learners in Uganda want and need to become successful readers and writers. The School Health and Reading Program is designed to help make that happen. The Program, in partnership with the Ministry of Education, Science, Technology and Sports (MoES), the National Curriculum Development Centre (NCDC) and language boards, developed the following literacy model. You, as a classroom teacher, are key to this model’s success. The literacy model is built on the following principles:

First, the model is research-based and aligns with other successful literacy models from around the world.

Second, the model uses the foundational components of literacy to help learners achieve literacy competences. The five literacy components – phonemic awareness, alphabetic principle, fluency, vocabulary and comprehension – are described in the next section. They align with the MoES reading, writing, speaking and listening competences.

Third, the thematic curriculum and the MoES language of instruction policy frame the model. Learners are taught and practice new content in both local languages and English.

Fourth, the model supports the idea that literacy skills developed in one language help a learner gain literacy skills in a second language. This is similar to the concept of working from the known to the unknown. In other words, the model helps children learn to read first in the language they speak best before learning to read in a language they do not know.

Fifth, the model recognises that children learn to read better if they have a well-developed understanding of their languages’ sound system. In practice, this means that learners should have strong phonological awareness (understanding of syllables and sounds) and vocabulary knowledge before they receive phonics instruction. Because learner’s local language oral skills are further developed, instruction with print in the local language begins sooner than it does in English.

Sixth, the model values explicit and systematic instruction. Systematic instruction means that skill development begins with simple foundational skills before adding more complex skills. The order for teaching learners new skills is planned so that all of the important skills are taught first. Explicit instruction means that information is clearly described and modelled by you, the teacher. Then, learners practise their new skills as you support them.

Above all, the School Health and Reading Program model is designed to help your learners. By following this model you will provide your learners with the foundational skills that they need to become successful readers and writers.
The Foundation: The Five Components of Literacy Instruction

Experts agree that there are five components to always include in successful literacy instruction. To help learners become independent readers and writers, you need to teach these components explicitly and systematically.

Explicit means that you model.

Systematic means that your instruction moves from easier to more difficult skills, without skipping any important ones.

The five components are:

1. Phonemic Awareness
2. Alphabetic Principle (Phonics)
3. Fluency
4. Vocabulary
5. Comprehension

Phonemic Awareness

What: Phonemic awareness is the ability to identify, change around and break apart sounds that make up words. You need to help your learners’ notice that sounds (phonemes) make up words. Learners without this awareness may struggle with reading. Before learners can identify individual letter sounds, they benefit from instruction with larger units of sounds at the sentence, word and syllable level.

Why: Learners need to become aware of sounds (phonemes) to help their reading and spelling.

How: Phonemic awareness can be developed through rhymes, songs and working with individual letters. A learner who has phonemic awareness can identify that the words ‘map’ and ‘mother’ both begin with the same sound, /m/.

Alphabetic Principle (Phonics)

What: Successful reading requires an understanding of the alphabetic principle - that letters (or groups of letters) represent sounds in words. Phonics is the method for teaching learners how to relate printed letters and sounds.

Why: Phonics instruction gives your learners the skills to be able to sound out (decode) and spell (encode) words that you did not tell them directly.

How: You can help your learners by teaching individual letters, letter patterns and syllables. You also want to give them lots of chances to blend (put together) and segment (take apart) letters. Learners who have been taught phonics can read and spell unfamiliar words such as ‘swirl’ even if they don’t know the word’s meaning.
Introduction

Fluency

**What:** Fluency is the ability to read text with speed, accuracy and expression.

**Why:** It helps your learners make meaning from text. It also helps them become aware of sentence structures, which helps their writing.

**How:** The more learners interact with text the more likely it is that they will become fluent readers. A combination of echo, choral, partner and whisper reading helps your learners become more fluent (see box below). A fluent reader changes their voice and pace to match the words and punctuation.

<table>
<thead>
<tr>
<th>Echo Reading: Used when a new text is first introduced. The teacher reads first and then the class reads.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Choral Reading: Everyone reads the text together. The teacher’s voice helps the learners.</td>
</tr>
<tr>
<td>Partner Reading: Several learners read the text together.</td>
</tr>
<tr>
<td>Whisper Reading: Beginning readers are not ready to read silently. But they can ‘whisper read’ (quietly and softly read) the text.</td>
</tr>
</tbody>
</table>

Vocabulary

**What:** Vocabulary helps learners understand what they hear and read. Vocabulary also helps learners speak and write.

**Why:** Learners need a big vocabulary so they can understand what they read and so they can express themselves.

**How:** You can teach vocabulary both directly and indirectly. Lessons using total physical response (TPR, or using physical movement to act out a word like ‘dancing’), pictures and read alouds provide opportunities for learners to hear and use words. Your classroom should be a language-rich environment, with lots of text displayed for learners to read. A learner who has been taught vocabulary understands more of what they hear and read. Learners can also use vocabulary in their writing.
Comprehension

**What:** Comprehension is the ability to understand and take meaning from text. There are two main types. Literal comprehension is the ability to recall facts from the text (like the colour of a character’s shirt, or what happened in the story). Inferential comprehension requires the reader to understand information that is not stated directly in the text (like how they thought a character felt, or what they would have done if they were a character in the story).

**Why:** It is the main goal of reading.

**How:** Comprehension should be taught to even the youngest learners. It is taught before, during and after reading. A learner who has been taught comprehension skills can make predictions about a story, check their understanding of the story along the way and evaluate the text after they read.

Major Methods in the Literacy Model

Several major methods of teaching underlie the instructional model used in the School Health and Reading Program.

- Collaborative Learning
- Continuous Assessment
- I Do, We Do, You Do
- Multisensory Instruction
- Oral Language: Phonological Awareness and Vocabulary
- Print Awareness
- Scaffolding

**Collaborative Learning**

Collaborative means working together. Collaborative learning provides opportunities for learners to work with their classmates for regular, short periods during literacy lessons. It forms part of the “I Do, We Do, You Do” sequence either before or after working on a task. Collaborative learning strengthens learning, as is it increases learner’s chances to practice new information with others. It also helps manage the reality of large class sizes.
Introduction

Continuous Assessment

Continuous assessment activities are built into the daily teaching lessons. The Friday lessons are designed as review and assessment lessons. The activities on Fridays are mostly “You Do” tasks that learners should be able to perform on their own since they will do similar activities throughout the week. This provides an opportunity for you to assess and record the developing literacy competences of learners as they complete assigned tasks.

I Do, We Do, You Do

The gradual release method is known informally as “I Do, We Do, You Do.” Learners first see the teacher perform a task alone. Next, learners perform the task with the teacher and the rest of the class. Finally, learners do the task alone. This model is followed for most of the learning activities, as indicated in the How to Teach section of this teacher’s guide. The method supports learning as it builds learners’ confidence in carrying out new tasks.

Multisensory

Instruction that is multisensory includes activities that involve learners in using two or more senses to gain new information. It includes guiding learners to use seeing, hearing, speaking and moving. Multisensory instruction is used throughout the lessons. Instruction that connects the visual, auditory, kinaesthetic and tactile senses (VAKT) has long been used for those with learning difficulties; it is now understood that it benefits all learners.

Oral Language: Phonological Awareness and Vocabulary

The ability to read words easily comes from well-developed oral language skills. Developing learners’ phonological awareness and vocabulary provides a foundation for literacy. Phonological awareness means having an understanding of the relationships between sounds in a language, and of things like syllables and rhymes. Learners also need many opportunities to learn and practice vocabulary. A good vocabulary helps learners when they start to read.

Print Awareness

Seeing written language helps learners understand how print works and what it can do. Learners must have opportunities to interact with books and print so they become used to different types of information. This method will help learners understand that print represents speech and carries meaning.
Scaffolding

This method directly supports the idea of moving from the known to the unknown. With scaffolding, learners gain new information that builds from their present understanding. In practice, instead of just hearing the correct answer, the learner is supported to reach the correct answer. Learners should be supported with scaffolding using corrective feedback. For example, the learner who incorrectly reads the word “boy” as “ball” is told, “You have the first sound right. Let’s look at the rest of the word.” Or, the learner who points to a red pen and says, “blue pen” is told, “You are correct, it is a pen. But it is red, not blue.”

The Ministry of Education and Sports Early Grade Reading Model and the MoES Thematic Curriculum

The Thematic Curriculum

In 2005, the MoES made significant reforms in Uganda’s early primary education system through a major national curriculum overhaul. The reforms brought several key improvements:

- a curriculum focused on three core subjects in lower primary - literacy, numeracy and life skills;
- a thematic approach to instruction in the core subjects;
- use of a local language as the language of instruction from Primary 1 to Primary 3, with a transition to English as the medium of instruction beginning in Primary 4;
- first literacy acquisition in a local language from Primary 1 to Primary 3;
- two hours of literacy instruction every day from Monday to Friday, and
- a competence-based assessment model with a focus on daily, continuous assessment of pupils.

The Ministry of Education and Sports’ early grade reading model was developed to support all of these initiatives.
Introduction

Model Weekly Timetable

Below is a suggested weekly timetable for allocating your literacy lessons into the available periods for each strand of the thematic curriculum in Primary 1. It is important for the Literacy 1 and Literacy 2 lessons to follow each other as they form the basis for the Literacy Hour. The daily English lesson should always follow the local language literacy lessons.

The Assessment Model

Assessment in the early grade reading model follows the MoES guidelines for competency-based assessment. A competency-based model focuses on assessing specific skills through classroom demonstrations by individuals or small groups of learners. A competency-based assessment activity should answer the question, “What can my learners do?”

For every literacy lesson the model provides a list of literacy competences to be taught. The step in the lesson where that competence is taught or assessed is listed in parentheses behind the competence. This information is found on the first page of each How to Teach lesson template. On the following page is a sample page from the How to Teach section of this teacher’s guide with the literacy competences circled:
The MoES organises literacy competences into four areas: reading, writing, listening and speaking. Literacy 1 focuses on reading competences. Literacy 2 lessons are devoted to writing competences. Oral Literature is for developing listening competences, while the News lesson is for practicing speaking competences.

This model builds on the MoES competences by integrating the Five Components of Literacy Instruction into the competences. For example, the reading competence, “Segments words into syllables” is also a phonemic awareness competence, while “Tell a personal story with meaning, expression and confidence” is a speaking competence that also provides an opportunity for the teacher to assess learner’s vocabulary development.
Introduction

The MoES also recognises that the best way to assess pupils’ literacy attainment is through continuous daily assessment. Children can easily fall behind, especially in the early stages of learning to read and write. Research shows that young children who don’t acquire a strong foundation in reading and writing early on find it very difficult to catch up later. This is sometimes called “The Matthew Effect,” referring to the text in the Book of Matthew that says that “the rich get richer and the poor get poorer.”

![Diagram of Matthew Effect in Reading]

It is the same with literacy. Learners who master the foundational skills of reading early on will continue to make positive academic gains, while learners who lag behind in literacy skills in P1 just grow further behind as their schooling continues. Therefore, it’s very important that teachers monitor learners’ performance closely in early primary and modify their teaching to make sure that as many learners as possible acquire the foundational literacy skills required to become successful readers.

The Ministry of Education and Sports’ early grade reading model encourages continuous assessment by building assessment activities into every lesson template. In addition, the Friday lessons are specially designed so teachers can do extra assessments of learners.

It is also important for teachers to keep records of the continuous assessment data they gather every day. A Continuous Assessment Monitoring Form, or CAM Form for short, has been designed to help you with this. On the opposite page is an overview of the CAM Form with some of the features explained. On the next page is a large format version of the CAM Form for easier reading.
An Overview of the P1 Continuous Assessment Monitoring Form (CAM)

Introduction

This column is for assigning a number to your learners. You will need to photocopy several pages of this document to accommodate all your learners.

This is the column for writing your learners’ names.

The CAM Form is organised by literacy lesson so you can easily identify the competences to assess.

Each of the literacy lessons focus on different literacy competence to assess.

Each competence listed here is also found in the competences section of the How to Teach lesson procedures.

Introduction

Using the CAM Form

You should keep your CAM form with your prep book. At the beginning of each lesson, select five learners to assess. The CAM Form is designed so that learners’ names are in groups of five to make it easy for you to identify learners to assess. Select five learners for Literacy 1, five different learners for Literacy 2 and so on throughout the day.

If you assess five learners on a given competence every day, this is equal to 25 learners per week or 100 learners per month. Ideally, you should assess all of your learners at least twice for each competence during the term. But, it’s most important that you follow up with learners who are not achieving the competence.

The CAM Form uses a 3-level marking system. Here are the three levels and the symbols used to represent them on the CAM Form:

Level 3: The learner’s performance exceeds the competence. Symbol: Δ
Level 2: The learner’s performance meets the competence. Symbol: ∨
Level 1: The learner’s performance does not yet meet the competence. Symbol: /

The first time a learner is assessed they may not perform the competence adequately and therefore receive a (/). Later in the term this learner may have improved and now performs the competence adequately. You can add a second (\) to the mark so that it now shows that the learner is competent (∨). If by chance you observe this learner again and they are now performing the competence exceeding well, you can add a final (Δ) to complete the triangle.

Some learners will demonstrate a competence the first time you assess them. That is not a problem. Give them a (∨) immediately. Some outstanding learners may even earn a three-sided triangle the first time you assess them. The point is that you want a majority of your learners to attain at least a Level 2 mark (∨) by the end of the academic year for all of the competences on the CAM Form.

End-of-Term Assessment

Continuous assessment is the most important form of classroom assessment. But teachers can also benefit from end-of-term assessment of their learners. End-of-term assessment is one provides a snapshot of the whole class’s progress at a particular point in time. It can also involve the testing of several competences at a time. Therefore the teacher’s guide provides a set of assessments in reading, writing, listening and speaking that can be administered at the end of term. See Week 12 of each term in the Weekly Lesson Support section for more information.

## Introduction

### Primary 1 Local Language Literacy Competences: Scope and Sequence

The table below outlines the literacy competences learners are expected to demonstrate in Primary 1 in Literacy 1, Literacy 2, Oral Literature and News. The table indicates the type of competence (listening, speaking, reading and writing) and the term in which the competence is assessed. Competences are grouped by the five components of literacy instruction (phonemic awareness, alphabetic principle, fluency, vocabulary and comprehension) so you can see how the abilities learners demonstrate in the continuous assessment activities link to the development of these key literacy skills. The lesson in which that competence is taught is indicated in brackets at the end of the competence.

In reading, it is the ability to understand text. In writing, the focus is on composing a meaningful story. Listening and speaking skills focus on the ability to make accurate predictions about a text prior to reading and talking meaningfully about a text you have read.

### Before Reading or Writing

| C-1. Uses the title, context and prior knowledge to make predictions when reading a story. (Literacy 1 and Oral Literature) | Reading |
| C-2. Retells a story from memory. (Literacy 1) | Listening, Speaking |
| C-3. Plans a story that has a beginning, middle and ending together with the teacher. (Literacy 2) | Speaking |
| C-4. Re-tells a fiction story that has been read aloud and demonstrates comprehension by identifying the main characters, setting and action. (Oral Literature) | Listening, Speaking |
| C-5. Re-tells an informative story that has been read aloud and demonstrates comprehension by identifying the main idea of the story. (Oral Literature) | Listening, Speaking |
| C-6.-listens to the teacher model a news story. (News) | Listening |

### During Reading or Writing

<p>| C-7. Composes a story together with the teacher. (Literacy 2) | Writing |
| C-8. Assists the teacher in making corrections in the story’s spelling, grammar and meaning. (Literacy 2) | Writing |
| C-9. Reads the story with support from the teacher. (Literacy 2) | Reading |
| C-10. Listens attentively to the teacher. (Oral Literature) | Listening |
| C-11. Uses context to make predictions about what will happen next in the story. (Literacy 1 and Oral Literature) | Listening, Speaking |
| C-12. Uses pictures, words and sentences to represent a meaningful news story. (News) | Writing |</p>

The *How to Teach* section of this teacher’s guide provides lesson templates to help you plan all of the local language literacy lessons taught each week. Each template is four pages long. The first two pages give you an overview of the entire lesson. The second two pages provide you with a detailed explanation of how to deliver the lesson to your learners.
Pre-Reading Activities: Visual Discrimination

Why is visual discrimination important?
Visual discrimination is the ability to identify differences in visual images. Children must be able to successfully distinguish between different letters in order to read and write. Consider your own experience with an unfamiliar alphabet like Arabic or Chinese. Then imagine a young child who has had almost no exposure to text of any kind. Without training, a child will have a hard time seeing the difference between letters like b, d, p and q, for example.

How can I include visual discrimination activities in my daily instruction?
First of all, consider visual discrimination issues as you teach every day. And not just in reading and writing lessons, but mathematics as well, as children are expected to read numbers and symbols. Be very explicit in pointing out to learners the differences in letters, numbers and symbols that can be easily confused.

For Free Activity lessons you can make jigsaw puzzles (See the Do More for Literacy 1 Day 5). Sorting activities using bottle tops, buttons or other locally available materials are also helpful. You can also make matching cards like the following:

Matching Pictures

Matching Shapes

Matching Letters

Matching Words
Learners start by matching pictures of real objects. As they gain confidence and skill they can match abstract shapes, followed by letters, and finally by syllables or words.

Another similar type of activity is referred to as “Odd One Out.” With these cards the objective is to identify the one object that is not the same as the other three.

You can also create a matching or odd one out activity on the chalkboard and do it with the whole class.

Art and Technology, or CAPE 3, is another lesson in the timetable that will easily accommodate visual discrimination activities. Actually making letters from local materials is one activity (See the Do More for Literacy 2 Days 1 and 3). Drawing real objects also encourages learners to pay attention to details.

- koma koma koma koma
- kilo olik olik olik
- molo molo molo molo
- omel omel omel omel

Take advantage of the illustrations in the pupil book to develop your learners visual skills. Look for small details in the pictures and challenge learners to find them. For example, you might say, “Count the number of fish in grandmother’s basket.” or “How many windows do you see in the classroom block?”

Create fun visual discrimination games to play with the whole class. One simple example is to line up about six objects on a table in front of the class that everyone can see clearly. Ask the pupils to close their eyes. Take away one object. Then have learners open their eyes and see if they can identify the missing object. Make the changes in the objects increasing more complex as the game continues.

Finally developing learners’ visual discrimination skills is challenging. Remember the importance of using clear, consistent handwriting on the chalkboard to help your learners.
Pre-Reading Activities: Auditory Discrimination

What is auditory discrimination?
Just as learners need to develop their visual skills so that they can identify the small differences in letter shapes, they also need to develop their listening skills so they can hear small differences in sounds. Phonemic awareness is one of the five key literacy skills learners develop in lessons, but phonemic awareness is only possible if learners have a strong foundation in a wide range of auditory discrimination activities. Below are a variety of activities you can do with your learners. Some are appropriate for a CAPE 1 or Music, Dance and Drama lessons. Others could be included as part of Free Activity. Some activities may simply be inserted into the timetable whenever there is some free time in the schedule.

Animal Sounds
Objective: Learners identify and imitate common animal sounds.
Steps:
1. Make the sound of an animal, for example a chicken clucking.
2. Have learners guess what animal you are imitating.
3. The learner who guesses correctly gets to make their own animal sound.
   The game continues in this fashion.

The Sounds Around Us
Objective: Learners identify different sounds in their environment.
Steps:
1. Bring in real objects that make sounds (a drum, rocks in a tin, two sticks, a finger piano, a plastic bottle with water or small stones in it, etc.)
2. Put the objects in a box or hide them somehow so learners can’t see them.
3. Have learners listen to the sound the object makes and guess what it is.
4. Expand on this activity by imitating other environmental sounds, for example the sound of a motorcycle revving its engine, a clock ticking or someone slashing grass or grinding sim-sim. If the learners can’t figure out the sound by sound alone, then mime the activity with your body.
Active Storytelling

Objective: Learners hear and identify the individual words in a sentence or story that is spoken aloud.

Steps:
1. Think of a descriptive noun or active verb and make up an action to represent that word. For example, with the word “rain” (which is both a noun and a verb) you can make a motion with both hands like rain coming down. Alternatively, think of a noun or active verb and think of a simple sound that it makes. For example, a “cat” can make the sound “meow.”
2. Make up a story where the word you have selected in step one is repeated frequently. Tell the learners that each time they hear you say the word they either have to do the action (use their hands to make the “rain” motion) or make the sound you’ve taught them (“meow” like a cat).
3. Tell the story and observe how well learners can identify the keyword you have selected.

Odd One Out

Objective: Learners identify the word that does not begin with the same sound as the other words.

Steps:
1. Say three words out loud. Two words should begin with the same sound and one word should begin with a different sound, for example, “cat, hat, cane.”
2. Learners should identify the word that is the “odd one out” (meaning it does not begin with the same sound as the other two).
3. After learners understand the game, challenge them to come up with the three words.
Pre-Writing Activities: Handwriting

What can I do to help my left-handed learners write well?

Left-handed children can have some trouble when they first start writing as they have to push their pencil or chalk across the page from left to right rather than pulling it like a right-hander. Also, as their hand is following the pencil or chalk, it is easy to smudge the work. To solve this problem, left-handed children should try to position their hand and paper so as to hold the pen at an angle that will keep the hand and paper below the line of writing in the uncomfortable and unacceptable “hook” style of writing. This can be done by:

- Rotating the paper about 45 degrees clockwise (move the top of the page to the right).
- Keep the hand and wrist under the writing line.

What exercises can I do to develop my learners’ handwriting skills?

- Here are a set of exercises you can do before a handwriting lesson.
- Stretch the fingers of both hands as wide apart as possible, then squeeze the fingers into a fist.
- Wriggle the fingers loosely in all directions.
- Press the index finger of each hand into their respective thumbs. Next, do the middle finger, ring finger and little finger. Repeat several times, increasing the speed as your learners get better at it.
- Rotate both wrists clockwise for about 15 seconds. Repeat, rotating the wrists anti-clockwise.
- Rotate the shoulders forward for about 15 seconds. Repeat, rotating the shoulders backwards.
- Sit with both feet flat on the floor and back straight. Arch your back and look at the ceiling. Then roll your back forward and look down at your desk. Repeat several times.
- What are some simple handwriting patterns that I can do with my learners to help them “warm up” before attempting real letters?
Pre-writing Activities: Patterns

The first stage of teaching children handwriting is to teach them to form pre-handwriting patterns. Pre-handwriting patterns are taught to children through drawing pictures, patterns and then as letter shapes. Learning shapes assists with letter recognition, as letters are made out of shapes. Pre-handwriting patterns, like the ones on the next three pages, teach children the shapes and directional pushes and pulls required to form letters. All letters are combinations of the shapes and lines displayed on the next pages. Help your learners master the pre-handwriting patterns on these pages to assist them with forming new letters. These patterns can be especially useful for helping remedial learners improve their letter formation. Accelerated learners can be challenged to match the shapes in the patterns to the letters they have learned.
Pre-writing Activities: Shapes

Use the patterns on these pages to practice forming shapes that make up letters. Art and Technology, or CAPE 3, is a good lesson in the timeable to accommodate pre-writing activities. They can also be included as part of Free Activity. Pre-writing activities for practicing shapes may simply be inserted into the timetable whenever there is some free time in the schedule.
How to Teach: Overview

The heading at the top of the page tells you which lesson is featured.

The Introduction provides you with a brief overview of the lesson objectives.

The Competences describe the literacy skills your learners should demonstrate during the lesson. At the end of each competence it tells you which step the competence will be demonstrated in.

The Teaching Procedure provides you with a quick overview of each step in the lesson. The Teacher’s Activity here is described in step-by-step detail on pages 3-4.

The Step-by-Step Teacher’s Activity in the left hand column describes how to deliver each step of the lesson in full detail with the time for each step listed. In the right hand column Extra Guidance is provided to help you understand how to deliver the step more effectively.

#### Differentiated Learning

**Remedial**
- Help learners with comprehension problems to focus on the three main elements of a story: characters, setting, and action. Tell them that they should always ask themselves the following questions as they read:
  - **Who** is the story about? (This will help them identify the characters.)
  - **Where and when** is the story taking place? (This will help them identify the setting.)
  - **What** is happening in the story? (This will help them identify the action of the story.)

**Accelerated**
- Advanced learners should be encouraged to develop their own comprehension questions about the story. They can share these questions with each other or pose them to the whole class.

#### Do More: Role Plays

Children love role plays. Role plays develop children’s speaking, reading, and writing skills. Role-play activities can be integrated into your CAPE (Creative Arts and Physical Education) lesson plans. Here is a simple outline of a role-play activity:

1. Ask learners to identify a story they’ve learned in class that they want to act out in a role play.
2. Ask learners to identify the characters and setting of the story. Then ask them to retell the actions in the story from beginning to end in the correct order.
3. Have learners get into small groups based on the number of participants required to do the role play. Give groups a chance to practice the role play together.
4. Later in the same class, or in the following CAPE 1 lesson for the week, ask selected groups to act out the story in front of the class.

#### Do Mores

- Do Mores are additional activities that provide your learners with supplemental literacy experiences. Some Do Mores are designed for other areas of the curriculum like Creative Arts and Physical Education (CAPE) and Free Activity. Other Do Mores can support your daily literacy lessons. There are also Do Mores that encourage parent and community involvement in literacy.

- You can find suggested Text Questions and My Mind Questions in the Weekly Lesson Support section.

**In the Text Questions:** These are literal questions. The answers are “right there” in the text. Learners can point to the answer.

**In My Mind Questions:** These questions are inferential and evaluative. Pupils must use their prior knowledge to answer these types of questions.

The predictions the learners make in Step 4b, will become the basis for the creative writing story that learners write in the Literacy 2 lesson that follows.

Introduction
On Days 1 and 3 the Literacy 1 lesson has a phonics focus. Learners are introduced to a new letter sound. They review sounds learnt in previous weeks. They blend and segment words to improve their decoding skills. They also read simple sentences that are increasingly more decodable. The illustrations on Days 1 and 3 have a thematic focus, so these lessons provide opportunities for sharing ideas related to the weekly theme and sub-theme.

Competences
The learner:
• identifies the new letters for the day by name and sound. (Step 2)
• reads known syllables with fluency. (Step 3)
• uses thematic vocabulary and concepts when describing a thematic illustration (Step 4)
• segments words into syllables. (Step 5)
• practices decoding words. (Step 6)
• practices reading simple sentences. (Step 7)

Differentiated Learning

Remedial
Some learners have difficulty in connecting letter sounds with letter symbols. What can you do to help such learners?

- Air write the letters while making the sounds.
- Teach songs or chants that link a sound with a key word and an action.
- Drill letter sounds using alphabet cards.

Accelerated
Fast learners need to be given extra tasks to challenge them.

- Ask them to identify words that have the same letter sound as the one you are teaching.
- Tell them to draw pictures of words that have the sound you are teaching.
- Give them letter cards and challenge

Do More: Phonics Centre

Make a fun, hands-on phonics centre for your learners. This centre can be part of your weekly Free Activity lesson. This will help learners to recognise sounds and their corresponding letter shapes. Learners can also interact with the phonics centre in their free time.

Here are some ideas for instructional materials to include in your phonics centre:

- Bottle top letters
- Alphabet letter flash cards
- Sound picture cards (cut out pictures of objects and animals and learners make their sounds)
- Matching cards with letter sounds and pictures
- Vowel sound picture cards (sort cards by the vowel sound they make)
- Musical instruments that make different sounds

How to Teach: Literacy 1 - Days 2 and 4

Introduction
On Days 2 and 4 the Literacy 1 lesson features a meaningful story that learners read with support from the teacher. The story always links to the theme. The stories revolve around a village family and the main characters are a boy and girl in P1. The reading competences for Days 2 and 4 are focused on vocabulary development, reading fluency and comprehension.

The learner:
- uses the title, context and prior knowledge to make predictions when reading a story. (Step 2)
- retells a story from memory. (Step 2 - Day 4 only)
- reads texts with increasing fluency. (Step 3)
- uses first sounds, blending and context clues as word identification strategies. (Step 3)
- identifies whether his/her predictions were correct. (Step 3)
- responds correctly to In the Text Questions. (Step 4)
- responds appropriately to In My Mind Questions. (Step 4)

The Chalkboard
Write the Day 2 or 4 pupil book story on the chalkboard before class (Step 3)

Literacy 1
Time to clean
Mother told Mary and Tom to clean the compound. Tom swept the compound. Mary burned the rubbish. When they were done it looked so nice!

Differentiated Learning
Remedial
Help learners with comprehension problems to focus on the three main elements of a story: characters, setting and action. Tell them that they should always ask themselves the following questions as they read:

- **Who** is the story about? (This will help them identify the characters.)
- **Where** and **when** is the story taking place? (This will help them identify the setting.)
- **What** is happening in the story? (This will help them identify the action of the story.)

Accelerated
Advanced learners should be encouraged to develop their own comprehension questions about the story. They can share these questions with each other or pose them to the whole class.

Do More: Role Plays
Children love role plays. Role plays develop children’s speaking, listening and comprehension competences and help develop life skills, too. Role play activities are easy to integrate into your CAPE 1 (MDD) lesson plans. Here is a simple outline of a role play activity:

1. Ask learners to identify a story they’ve learned in class that they want to act out in a role play.
2. Ask learners to identify the characters and setting of the story. Then ask them to retell the actions in the story from beginning to end in the correct order.
3. Have learners get into small groups based on the number of participants required to do the role play. Give groups a chance to practice the role play together.
4. Later in the same class, or in the following CAPE 1 lesson for the week, ask selected groups to act out the story in front of the class.

How to Teach: Literacy 1 - Day 5

Introduction
During Literacy 1 on Day 5 you will have an opportunity to assess learners on four reading competences: 1) identifying letters by name and sound; 2) blending sounds to read common syllables; 3) segmenting words into syllables; and 4) reading simple sentences. Try to assess between 5-10 learners for each competence during the lesson and mark their results in the CAM Form.

Competences
The learner:

• reads letters and syllables with increasing fluency. (Step 2)
• segments words into syllables. (Step 3)
• blends letters to read syllables and words. (Step 4)
• reads words and simple sentences. (Step 4)

Differentiated Learning

Remedial
What can you do to help learners who struggle to blend letter sounds? Here is one suggestion:

Play the game “Snail Talk”. Draw 3-4 simple pictures that illustrate short, easy to sound out words on the chalkboard (English examples: sun, hat, cup, pin).

Tell learners that you are going to say the name for one of these words, but you are going to use “Snail Talk”. This means you are going to say the word VERY slowly. Pick one word at random and say each sound individually: “sss….uuu...nnn.” Learners must listen carefully and identify the word you have said by blending the letters in their mind.

Accelerated
Fluent readers need extra support as well. Provide them with books and other reading materials that they can take home and read with their parents and other family members.

Do More: Matching Puzzles

Puzzles develop visual skills, spatial awareness and creative problem solving. Introduce your pupils to puzzles with simple 2-piece puzzle sets that focus on matching two like objects. You can make a puzzle set that matches upper and lower case letters or two similar pictures or a picture and a word.

To make your puzzle set, first cut out a set of cardboard rectangles all the same size. A good puzzle set has between four to six matching sets. Draw the matching content you want on one piece of cardboard. For example, put the capital A on one side and the small a on the other side.

Next, cut the cardboard into two pieces. Each card should be cut differently. Put all the pieces in a bag. The child’s job is to take all the pieces out of the bag, spread them out on a flat surface and find the pieces that fit together. This can be done during the weekly Free Activity lesson.

WEEKLY LESSON SUPPORT:
The sentences for assessment are found in the Weekly Lesson Support section.

Marking the CAM Form:

Level 3: Reads the sentence with no mistakes and excellent fluency and expression.
Level 2: Reads the sentence with 1-2 mistakes and good fluency and expression.
Level 1: Reads the sentence with many mistakes and poor fluency and expression.

NOTE: Many learners will receive Level 1 assessments in Terms 1 and 2. This is NOT an indication of insufficient reading growth. In Term 3 you should begin to see learners achieving a Level 2 and Level 3 in their assessments.
How to Teach: Literacy 2 - Days 1 and 3

Introduction
Your pupils will focus on the mechanics of writing in Literacy 2 on Days 1 and 3. The lesson begins with a handwriting activity. This is followed by a spelling exercise. Finally, learners practice writing and spelling their names. Each learner will need an individual name card with their name printed using correct spelling and letter formation.

Competences
The learner:
• forms letters in the air. (Steps 2 and 4)
• writes letters in the exercise book with increasing accuracy. (Steps 3 and 5)
• spells letters, syllables or words with increasing accuracy. (Step 6)
• writes his/her name with correct spelling and letter formation. (Step 7)

How to Teach: Literacy 2 - Days 1 and 3

Differentiated Learning

Remedial
How can you help learners who have handwriting problems?

- **Number one suggestion**: Lots of extra practice!
- Write the letters in the learner’s exercise book in pencil for the learner to trace.
- Encourage them to write letters and words in the sand using their finger or a stick during their breaks.
- Keep families informed. Encourage families to have the child help with food preparation to develop fine motor skills. Weaving mats helps fine motor skills, too. Think of other tasks that learners can do to develop their fine motor skills, which help with writing.

Accelerated
Ask learners with excellent handwriting to help create handwritten cards to label objects in the classroom.

Do More: Making Letters

Making alphabet letters from local materials is a fun, learner-centred activity. It enables learners to explore natural and man-made materials in their environment while developing their fine motor skills. It is an excellent activity for CAPE 3 (Art and Technology) and also supports life skills development through working together, sharing and caring for class materials.

Here are some local materials that can be used for creating alphabet letters:

- banana fibre
- cardboard
- bottle tops
- sticks
- straws
- clay
- wire
- string
- inner tube material

How to Teach: Literacy 2 - Days 2 and 4

Introduction
On Days 2 and 4 of Literacy 2 learners focus on the creative components of writing. With the teacher’s support, learners compose a creative writing story. They identify the characters, setting and action. Then they compose four sentences that represent the beginning, middle and ending of the story. The teacher also models revising a story. Learners read the story with the teacher and independently.

Competences
The learner:

• plans a story that has a beginning, middle and ending together with the teacher. (Step 2)
• composes a story together with the teacher. (Step 3)
• assists the teacher in making corrections in the story’s spelling, grammar and meaning. (Step 4)
• reads the story with support from the teacher. (Step 5)

Differentiated Learning

Remedial
Learners with sensory impairments need special attention. Begin by being observant. Some sight problems can be identified simply by looking closely at a child’s eyes. Pupils will give other clues as you observe them. They may squint frequently or hold a text very close to their face. Pupils with hearing problems may seem inattentive or unresponsive in class. After identifying learners with impairments, contact parents and district officials for follow up. Here are a few other suggestions:

- Seat the child to optimise the impaired sense. Proximity to the teacher, chalkboard and appropriate lighting are issues to consider.
- Pair a disabled child with an able-bodied pupil who can provide support.
- Visually impaired learners may need paper with bold lines when writing. Modify the size of text on the chalkboard and create books and word cards with big text.
- Develop fine motor skills. Weaving mats helps fine motor skills, too. Think of other tasks that learners can do to develop their fine motor skills.

Accelerated
Ask learners with excellent handwriting to help create handwritten cards to label objects in the classroom.

Do More: Book Making 1
It is important to give learners an opportunity to read a variety of texts. When pupils read independently they develop an appreciation for books and reading. In Uganda we have few storybooks available in local languages, so teachers need to make their own books for the classroom. Each week you are composing stories with your learners in Literacy 2 Days 2 and 4. Use these texts to create classroom books. After the lesson, copy the story into your prep book. Later, you can turn these stories into books or charts that pupils can read in their free time or at a Book Corner during Free Activity.

Here are some different types of teacher-made books:

- Manila cover and stationery pages (glued together, stapled or tied)
- Binder with pages added each week
- Exercise books with special covers
- Photo albums with text and drawings inserted instead of photos
- Wall chart stories

How to Teach: Literacy 2 - Day 5

Introduction
During Literacy 2 on Day 5 you will have an opportunity to assess learners on 3 writing competences: 1) letter formation; 2) spelling; and 3) creative writing. In Literacy 2 you can collect learners’ work at the end of the lesson and mark their results in the CAM Form.

Competences
The learner:
- writes letters in the exercise book with increasing accuracy. (Step 2)
- spells letters, syllables or words with increasing accuracy. (Step 3)
- writes his/her name with correct spelling and letter formation. (Step 4)
- writes a story that is meaningful and well organised (has a beginning, middle and ending). (Step 4)

Differentiated Learning

Remedial
Do you have learners who are having trouble making the correct spacing between letters and words? One way to help your learners in the early stages of handwriting is to have them place one finger from their non-dominant hand on the page after each completed letter before they form the new letter. When writing a new word the pupil can increase to two fingers. This ensures that they are making consistent spacing between letters and words.

Accelerated
What can you do to challenge the superior spellers in your class? One suggestion is to include a bonus spelling word on the Friday spelling test. Spelling the word isn’t required, but those who spell it correctly get a bonus point or get their name added to a “Super Spellers” list that is displayed in the classroom.

Do More: Physical Education
Integrate letter formation into your CAPE 2 (PE) lesson plans. Children learn best with their whole bodies. PE gives you an opportunity to provide your learners with a chance to learn about letters in a fun, child-centered way. Here are three CAPE 2 activities:

1. Ask individual learners to form letters using their whole bodies. This can be done as a “follow the leader” game.
2. Organise learners into teams of 3-5 people. In this activity the teams are challenged to form individual letters together. The teacher says a letter loudly and the team has to form the letter together. The team who successfully completes the letter first is the winner.
3. Use different kinds of movements (walking, hopping, skipping, etc.) to trace letter shapes on the playground. Teacher leads as learners follow.

| c. Air write the small letter for assessment as learners watch. Air write together with learners. Write a sample letter on the chalkboard using the four guidelines as learners watch. | Level 3: Forms all the capital and small letters correctly. |
| d. Tell learners to write a line of small letters in their exercise books using the 4 guidelines. | Level 2: Forms at least some of the capital and small letters correctly with a few small errors. |

**Step 3: Spelling Assessment (8 minutes)**

| a. Tell learners it is time for the spelling test. Say the first letter, syllable or word aloud 2-3 times. | WEEKLY LESSON SUPPORT: Suggestions for the spelling assessment are provided in the Weekly Lesson Support section. |
| b. Tell learners to write the letter, syllable or word in their exercise books. Continue with the other letters, words or syllables. | **Marking the CAM Form:** |
| c. Continue with more letters, syllables or words as time permits. | Level 3: Spells all the letters, syllables and words correctly. |

**Marking the CAM Form:**

- **Level 3:** Spells all the letters, syllables and words correctly.
- **Level 2:** Spells most of the letters, syllables and words correctly with 1-2 small errors.
- **Level 1:** Makes many spelling errors.
### Step-by-Step Teacher’s Activity

**Step 4: Creative Writing Assessment (14 minutes)**

a. Ask learners to write a story of their own on a separate page of their exercise book. They can use both pictures and words to tell their story. *Be sure they include their name when they write their story.*

b. Move around to the learners selected for assessment this week and have them tell their stories to you as they write.

c. Collect the exercise books of at least 10 learners for assessment of handwriting, spelling, name writing and creative writing. Mark in the CAM Form.

### Extra Guidance

**Marking the CAM Form***:

- **Level 3**: Writes a meaningful, well organised story using pictures and words.
- **Level 2**: Writes a meaningful, well organised story using pictures only.
- **Level 1**: The story is poorly organised and difficult to understand the meaning.

*In Term 3 learners should also write at least one sentence to earn a Level 3 and use some words to earn a Level 2.*
How to Teach: Oral Literature - Day 1

Introduction
Oral Literature is taught on Days 1 and 3 immediately after the morning break. The focus of the Day 1 Oral Literature lesson is on developing learners listening competences. Being a good listener develops comprehension and phonics skills that contribute to improved reading and writing.

Competences
The learner:

• recites a traditional text from memory. (Step 2)
• uses the story title and prior knowledge to make predictions about what will happen in the story. (Step 3)
• listens attentively to the teacher. (Step 4)
• uses context to make predictions about what will happen next in the story. (Step 4 – fiction stories only)
• answers a guiding question related to the story. (Step 5)
• identifies whether the story is a fiction or informative story. (Step 5)
• demonstrates comprehension by identifying the main characters, setting and action in a fiction story. (Step 5)
• demonstrates comprehension by identifying the main idea in an informative story. (Step 5)
• identifies vocabulary words from the story and uses them in a meaningful sentence. (Step 6)

Differentiated Learning
Remedial and Accelerated
Oral Literature is an opportunity for learners to practice their listening competences. Here are suggestions to help learners practice sitting quietly and listening. Begin by establishing a set of Good Listener Rules. Review the Good Listener Rules before you begin reading. Monitor learners as you read. Gently and discreetly prompt learners who don’t follow the rules. After reading, identify learners who have demonstrated excellent listening and encourage the other learners to keep practicing. Here are some suggested Good Listener Rules you can establish in your classroom:

- Sit up straight with both feet on the floor.
- Keep your hands folded together and resting on the desk.
- Keep your eyes on the speaker.
- Nod your head to show the speaker you are listening and understanding.
- Ask questions and make comments about what the speaker has read.

Do More: Story Mapping
Story maps in early primary are a way to represent a story in pictures. Story maps help pupils identify the different elements of a story or book. There are many types of story maps, but the most basic maps focus on the beginning, middle and end of the story. Since pupils in P1 and P2 will make their story maps by drawing pictures, you can include story mapping in CAPE 3 (Art and Technology).

Begin by drawing 3 large boxes on the chalkboard. Label the boxes BEGINNING, MIDDLE and ENDING. Remind pupils of a recent story they have learned in class, either a story from the pupil book or from Oral Literature. Review the characters, setting and action. Tell learners to draw three pictures from the story in their exercise books. The first picture should illustrate something that happened at the beginning of the story; the second picture, something that happened in the middle of the story and the final picture, something that happened at the end of the story.

The Guiding Question is found on the Oral Literature pages of the Weekly Lesson Support section of this teacher’s guide.  
The words in your language for fiction story and informative story are provided in the glossary. Fiction stories are about imaginary people or events. Informative stories are about real people, facts or events. |
| **Step 4: Reading the Story Aloud (5 minutes)**<br>a. Read the Oral Literature story aloud to learners as they listen attentively.  
b. Stop and ask the Prediction Question as indicated in the text (fiction stories only).  
c. Discuss learners’ predictions briefly (fiction Stories only).  
d. Continue reading Part 2 of the Oral Literature story aloud to the end. | **WEEKLY LESSON SUPPORT:**  
The Oral Literature story and Prediction Question are found in the Weekly Lesson Support section.  
Be sure to practice reading the story several times before class so that you can read it with fluency and expression. Reading aloud with fluency and expression helps learners comprehend the meaning of the story and adds to the overall enjoyment of the listening experience. |

How to Teach: Oral Literature - Day 3

Introduction
On Day 3 of Oral Literature learners have the opportunity to retell the story for the week. The teacher then re-reads the story and learners develop comprehension skills by answering In the Text and In My Mind Questions.

Competences
The learner:

- recites a traditional text (riddle, proverb, tongue twister, rhyme, poem, etc.) from memory. (Step 2)
- re-tells a fiction story that has been read aloud and demonstrates comprehension by identifying the main characters, setting and action. (Step 3 – fiction stories)
- re-tells an informative story that has been read aloud and demonstrates comprehension by identifying the main idea of the story. (Step 3 – informative stories)
- listens attentively to the teacher. (Step 4)
- answers In the Text Questions about a story that has been read aloud. (Step 5)
- answers In My Mind Questions about a story that has been read aloud. (Step 5)
- identifies new vocabulary words from the story and uses them in a meaningful sentence. (Step 6)

Differentiated Learning

Remedial
Some of your learners may have difficulty retelling the Oral Literature story on Wednesday. To support learners who have difficulty in remembering and retelling stories in sequential order, and as a fun activity for all learners in your class, create 3-5 picture cards that represent the actions in the story you read on Monday. Place the cards in the front of the classroom, but in a scrambled order. Have learners look at the picture cards and describe what they see. Then challenge the class to put the cards in the correct sequence. When this is done, have learners retell the story using the picture cards as a prompt. The cards should help remedial learners retell the story with more success.

Accelerated
Challenge accelerated learners to add extra details to the story that average learners may have missed when retelling it.

Do More: Book Making 2
Traditional texts are a great source for making classroom books. Traditional texts foster an appreciation of local culture and ensure that a community’s oral literature tradition is passed on to the next generation. Begin by collecting different kinds of traditional texts: proverbs, riddles, songs, tongue twisters, fables, rhymes and poems. The teacher’s guide provides a selection of traditional text you can use as a starting point. Create books based on different types of text: a book of proverbs, a book of tongue twisters, etc.

It’s also important to consider how you will manage the books you create. Here are a few ideas for displaying and storing your classroom library:

- classroom cupboard
- nails and string, books hang from the spine
- cardboard box
- wall pockets
- improvised book shelf (e.g. bricks and timber)

How to Teach: News - Day 2

Introduction
The News lesson is taught immediately after the morning break on Days 2, 4 and 5. The News lesson gives learners the opportunity to develop their speaking and writing competences. On Day 2, the teacher models how to compose and tell a news story for the whole class. Ideally, the news stories should reflect concepts related to the sub-theme for the week. Model news stories are provided in the Weekly Lesson Support section of this teacher’s guide.

Competences
The learner:

• listens to the teacher model a news story. (Step 2)
• uses pictures, words and sentences to represent a meaningful news story. (Step 3)
• writes his/her name with correct spelling and letter formation. (Step 3)
• introduces one’s self and greets the class using the appropriate cultural norms, including stating one’s full name. (Step 4)
• tells a meaningful, well organised story to the class that demonstrates fluency of speech, appropriate expression and confidence. (Step 4)
• listens attentively to peers and participates in small group activities appropriately. (Steps 4 and 5)

The Chalkboard

This illustration represents a teacher’s model news story for P1 Term 3. In Term 1 the teacher will use pictures only. In Term 2 the teacher will begin labeling the pictures with words. In Term 3 the teacher will add a sentence using the labelled words.

Differentiated Learning

Remedial
Some learners may have difficulty speaking in front of the class. When you call on them to read their news stories, they will be afraid. One suggestion to reduce their fear is to let them remain in their seat and read/tell their news story from there. You can stand beside them and repeat the story for the whole class to hear. Later you can ask them to come to the front of the room, but instead of looking at the whole class, the pupil should look at you and read their news story directly to you.

Accelerated
Other learners may have the opposite challenge: They want to read their news story to the class at every opportunity. In this instance, encourage them to be extra good listeners when their classmates come up to read their news stories. Encourage them to share what they liked about their classmates stories and ask questions.

Do More: Class Displays

Recognise the good literacy performance of your pupils by displaying a selection of the best news stories for the week. Seek opportunities for learners to share their new stories with the rest of the pupils in school, such as at the school’s general assembly or at a speech day. This will help learners develop their speaking, listening and other life skills. Learners whose work is selected feel proud about their good work, and their classmates are motivated to improve their work in the future.

Classroom displays also promote a “talking classroom”. Remember you need to change the display regularly, at least once a month. To accomplish this, you need to have an effective way to hang or mount your pupils’ writing. Here are some materials for creating a display:

- Manila
- Cardboard
- Newsprint
- Local mats
- Grain sacks
- Bark cloth
- String or wire
- Soft board
- Large piece of cloth

Remember: Never glue pupils’ work directly on the wall!

<td>WEEKLY LESSON SUPPORT: A Model News Story is provided in the Weekly Lesson Support section of this teacher’s guide. Adapt it or make up your own. Try to link your model news story to the sub-theme for the week, if possible. Learners should tell news stories about real events that have happened in their lives. You should do the same when you model a story for them. Learners will enjoy hearing stories about your life now or as a child.</td>
</tr>

<td>In Term 1 the stories learners write will consist entirely of pictures. Some of these stories will be easier to “read” than others. In Term 2, encourage learners to label their picture stories with words they can decode. In Term 3, model for learners how to take the words in their story to make simple sentences. Encourage learners who are ready to write their own simple sentences.</td>
</tr>
</tbody>
</table>
## Step-by-Step Teacher’s Activity

### Step 4: Learners Share News Stories in Small Groups (5 minutes)

| a. | Tell learners to take turns sharing their stories in small groups of 2-4 people. |
| b. | Move around the room supporting learners who are having difficulty participating in the small groups. |

### Extra Guidance

Encourage learners to appreciate their friend’s contribution. Tell them to say thank you and good work. This is a good integration of life skills education.

### Step 5: Selected Learners Share News Stories (10 minutes)

| a. | Select 5 learners to come up and share their news stories with the whole class. |
| b. | Ask learners to speak clearly and with expression. |
| c. | Tell the rest of the class to show that they are ready to listen by sitting up straight with hands on desk and eyes on the speaker. |
| d. | The speaker should always begin their news story by greeting the class in a culturally appropriate manner and saying their full name. |
| e. | After the speaker has completed the news story, the teacher and learners should ask questions or make comments. |
| f. | Thank the speaker at the end of their turn. Assess the learner in the CAM Form and ask the next learner to read/tell their story to the class. |

Create a supportive classroom environment so that sharing news stories is fun and engaging for your learners.

The focus is on assessing individual learners’ speaking competences, but teaching learners how to be good listeners, especially when their peers are speaking, is important too. Establish a few basic rules for sharing news stories at the beginning of the school year and enforce them consistently.
How to Teach: News - Days 4 and 5

Introduction
On Days 4 and 5 almost half of the News lesson is devoted to learners composing their stories independently. This gives the teacher an opportunity to move around the classroom and interact with learners individually. The teacher can observe their handwriting and composition skills and ask individual learners to tell their stories aloud. This is a good opportunity to catch up on assessments in the CAM Form as well.

Competences
The learner:

- uses pictures, words and sentences to represent a meaningful news story. (Step 2)
- writes his/her name with correct spelling and letter formation. (Step 2)
- introduces one’s self and greets the class using the appropriate cultural norms, including stating one’s name. (Step 3)
- tells a meaningful, well organised story to the class that demonstrates fluency of speech, appropriate expression and confidence. (Step 3)
- listens attentively to peers and participates in small group activities appropriately. (Steps 3 and 4)

Differentiated Learning

Remedial
By the end of Term 2, learners should be labelling the pictures in their news stories with words. Some learners may have difficulty in taking this step on their own. To encourage them, write a word at the bottom of the page and tell them to copy the word next to the real object in their drawing. Then challenge them to find one more word they can write on their own. Remind them that spelling the word correctly isn’t important. They just need to listen to the sounds they hear in the word and write them down.

Accelerated
Challenge advanced writers to move more quickly from picture drawing to word labelling to sentence writing. Don’t make them wait with the rest of the class. Also, keep your news writing assignments open-ended. For example, do not say, “I want you to label your news story with 3 words.” Instead say, “Label your news story with as many words as you can.”

Do More: Parent Involvement

Parents are a child’s first teacher. Just because parents send their child to school does not mean they should no longer be involved in their education. Studies show that children who get learning support at home have more success at school. Every teacher should do more to involve learners’ parents, especially in key areas like reading and writing. Here are some suggestions:

- Provide simple, fun homework assignments that encourage pupils to seek information from their family. For example, if the theme is transport, tell pupils to ask their parents what transport was like in their village when they were children. Have them write about this during the News lesson.
- Send classroom books home for learners to read to their family.
- Be sure that parents receive regular samples of their child’s school work to review. At the end of the term, attach writing and spelling samples to the report card.

  a. Select 5 learners to come up and share their news stories with the whole class.  
  b. Ask learners to speak clearly and with expression.  
  c. Tell the rest of the class to show that they are ready to listen by sitting up straight with hands on desk and eyes on the speaker.  
  d. The speaker should always begin their news story by greeting the class in a culturally appropriate manner and saying their full name.  
  e. After the speaker has completed their news story, the teacher and learners should ask questions or make comments.  
  f. Thank the speaker at the end of their turn. Assess the learner in the CAM Form and ask the next learner to read/tell their story to the class. | Here are the writing competences learners should demonstrate over the course of the year:  
  **Term 1:** Learners draw pictures that illustrate a personal news story.  
  **Term 2:** Learners’ picture stories show an effort to organise information on the page. Learners begin to label their pictures with words.  
  **Term 3:** Learners’ picture stories are well organised and labelled with words. Learners are able to compose a simple sentence about their story. |

Weekly Lesson Support

Term 1 Lessons
Welcome to the new school year!

Preparing for a new school year is like starting a long journey. You want to make sure you are well prepared before starting off. Teachers have to manage many responsibilities: pupils, parents, instructional materials, the classroom environment and school rules and procedures, among others. The information on this page is designed to help you plan for the beginning of the new school year and Orientation Week in particular.

### Term 1 Materials Checklist

Making lists is a good method for planning and accomplishing goals. Below is a list of recommended materials teachers should prepare and organise prior to the beginning of the school year.

- Completed schemes of work and lesson plans
- P1 teacher’s guides for your local language and English
- Enough copies of the *I Can Read and Write* pupil books in your local language and English (one for each pupil)
- Classroom rules chart
- Enough copies of the Continuous Assessment Monitoring Form so that each child’s name can be entered on a line
- Learner name cards for handwriting lessons
- Manila, sugar paper, markers, pens and pencils
- Chalk and dusters
- Classroom furniture and clock

### Orientation Week Overview

From the National Primary School Curriculum for Uganda (NPSCU) for Primary 1:

*This first week of school is set aside for you to become familiar with the children and enable them to become familiar with the new environment and programmes of the school. The children need to be reassured that they are in safe hands in a safe environment.*

The NPSCU goes on to outline a variety of activities and competences to focus on during Orientation Week.

This teacher’s guide provides for instruction in the local language beginning in Week 1. But, the same content is repeated in Week 3 so that teachers can plan for Orientation Week activities knowing that learners will not miss important literacy content.

Refer to the pre-reading and pre-writing activities in the How to Teach section of this teacher’s guide for additional activities to enjoy with learners at the start of the school year that will help them grow important foundational literacy skills.

Term 1 Week 11
SUMMATIVE ASSESSMENT TERM 1

Introduction

Below are summative assessments you should administer during the final weeks of the term. Writing and listening assessments can be administered to the whole class. Reading and speaking assessments need to be administered to learners individually. Begin these assessments by Week 10. Assign a level to the learner’s performance using the following system:

**Level 3 (L3): The learner’s performance exceeds the competence expected.** Symbol: \( \Delta \)
**Level 2 (L2): The learner’s performance meets the competence.** Symbol: \( \wedge \)
**Level 1 (L1): The learner’s performance does not meet the competence.** Symbol: \( / \)

Reading Assessments (administered individually)

**Fluency and Vocabulary Assessment:**
Write 5 decodable words from the term on flashcards. Show the cards to the learner one at a time. Ask the learner to read the word. Then ask the learner to use the word in a sentence.

- **L3:** Reads all 5 words correctly. **L3:** Uses all 5 words correctly in complete sentences.
- **L2:** Reads 3-4 words correctly. **L2:** Uses 3-4 words correctly in mostly complete sentences.
- **L1:** Reads 2 or less words correctly. **L1:** 2 or less words correct. Cannot form full sentences.

**Phonics Assessment:**
Write selected letters from the term on a sheet of paper. Point to a letter. Ask the learner to say the name of the letter and the sound the letter makes. Do this for 5 different letters.

- **L3:** Successfully completes the task for all 5 letters.
- **L2:** Successfully completes the task for 3-4 letters.
- **L1:** Completes the task for 2 or less letters.

Listening Assessment (administered as a group)

**Listening Comprehension Assessment:**
Compose a story to tell to the class or find a story to read. Create 3 comprehension questions about the story. Tell/read the story to the class and then ask the questions one at a time. Have learners draw or write their answers on a piece of paper. Collect and assess.

- **L3:** Answers all 3 questions correctly.
- **L2:** Answers 1-2 questions correctly.
- **L1:** Does not answer any questions correctly.
Writing Assessments (administered as a group)

Handwriting Assessment:
Write 6 letters taught during the term on the chalkboard (3 uppercase and 3 lowercase). Ask learners to copy them using their best handwriting in their exercise books.

L3: Formation of the letters is excellent. All 6 letters formed correctly.
L2: Formation of the letters is good. 3-5 letters formed correctly.
L1: Formation of the letters is poor. 2 or less letters formed correctly.

Spelling Assessment:
Select 5 letters, syllables or words for a spelling test. Dictate the letters, syllables or words one at a time and have learners write them in their exercise books. Collect and assess.

L3: Spells all 5 correctly.
L2: Spells 3-4 correctly.
L1: Spells 2 or less correctly.

Creative Writing and Name Writing Assessments:
Tell learners to write a story about a time when they were sick or a member of the family was sick. Explain that they can use pictures and words to tell their story. Make sure learners write their name. Collect and assess.

L3: Writes a meaningful, well organised story using pictures and words.
L2: Writes a meaningful, well organised story using pictures only.
L1: The story is poorly organised and difficult to understand the meaning.

L3: Writes both names with correct spelling and letter formation.
L2: Writes at least one name with correct spelling and letter formation.
L1: Cannot write name using correct spelling and letter formation.

Speaking Assessment (administered individually)

Public Speaking Assessment:
By the end of Week 10 you should have observed and assessed all of your learners’ speaking competences during the News lesson. During Weeks 11 and 12, select learners to assess who have not yet told a News story to the class or who have not yet attained the speaking competence.

L3: Tells a meaningful, engaging story with excellent confidence and animated expression.
L2: Tells a meaningful story to the class with confidence.
L1: Tells a story that lacks meaning or displays a lack of confidence when speaking to the class.

Term 2 Week 11
END-OF-TERM ASSESSMENT TERM 2

Introduction

Below are end-of-term assessments you should administer during the final weeks of the term. Writing and listening assessments can be administered to the whole class. Reading and speaking assessments need to be administered to learners individually. Begin these assessments by Week 10. Assign a level to the learner’s performance using the following system:

Level 3 (L3): The learner’s performance exceeds the competence expected. Symbol: Δ
Level 2 (L2): The learner’s performance meets the competence. Symbol: ∨
Level 1 (L1): The learner’s performance does not meet the competence. Symbol: /

Reading Assessments (administered individually)

Fluency and Vocabulary Assessment:
Write 5 decodable words from the term on flashcards. Show the cards to the learner one at a time. Ask the learner to read the word. Then ask the learner to use the word in a sentence.

L3: Reads all 5 words correctly.
L2: Reads 3-4 words correctly.
L1: Reads 2 or less words correctly.

L3: Uses all 5 words correctly in complete sentences.
L2: Uses 3-4 words correctly in mostly complete sentences.
L1: 2 or less words correct. Cannot form full sentences.

Phonics Assessment:
Write selected letters from the term on a sheet of paper. Point to a letter. Ask the learner to say the name of the letter and the sound the letter makes. Do this for 5 different letters.

L3: Successfully completes the task for all 5 letters.
L2: Successfully completes the task for 3-4 letters.
L1: Completes the task for 2 or less letters.

Listening Assessment (administered as a group)

Listening Comprehension Assessment:
Compose a story to tell to the class or find a story to read. Create 3 comprehension questions about the story. Tell/read the story to the class and then ask the questions one at a time. Have learners draw or write their answers on a piece of paper. Collect and assess.

L3: Answers all 3 questions correctly.
L2: Answers 1-2 questions correctly.
L1: Does not answer any questions correctly.
Writing Assessments (administered as a group)

Handwriting Assessment:
Write 6 letters taught during the term on the chalkboard (3 uppercase and 3 lowercase). Ask learners to copy them using their best handwriting in their exercise books.

L3: Formation of the letters is excellent. All 6 letters formed correctly.
L2: Formation of the letters is good. 3-5 letters formed correctly.
L1: Formation of the letters is poor. 2 or less letters formed correctly.

Spelling Assessment:
Select 5 letters, syllables or words for a spelling test. Dictate the letters, syllables or words one at a time and have learners write them in their exercise books. Collect and assess.

L3: Spells all 5 correctly.
L2: Spells 3-4 correctly.
L1: Spells 2 or less correctly.

Creative Writing and Name Writing Assessments:
Tell learners to write a story about how food is prepared and eaten in their family. Explain that they can use pictures and words to tell their story. Make sure learners write their name. Collect and assess.

L3: Writes a meaningful, well organised story using pictures and words.
L2: Writes a meaningful, well organised story using pictures only.
L1: The story is poorly organised and difficult to understand the meaning.

L3: Writes both names with correct spelling and letter formation.
L2: Writes at least one name with correct spelling and letter formation.
L1: Cannot write name using correct spelling and letter formation.

Speaking Assessment (administered individually)

Public Speaking Assessment:
By the end of Week 10 you should have observed and assessed all of your learners' speaking competences during the News lesson. During Weeks 11 and 12, select learners to assess who have not yet told a News story to the class or who have not yet attained the speaking competence.

L3: Tells a meaningful, engaging story with excellent confidence and animated expression.
L2: Tells a meaningful story to the class with confidence.
L1: Tells a story that lacks meaning or displays a lack of confidence when speaking to the class.

**Model News Story**

When I was in Primary One, we went for a trip to the city. On our way, we saw a boat on the river. When we reached the city, everyone was very excited to see the different types of cars, motorcycles and buses. There were many people walking on the streets and roads in the city. There was also a big shop selling many new bicycles.

### Model News Story

In order to learn we need to have a peaceful and safe environment. That is why our school has rules that must be followed by teachers and pupils. When we follow the rules there is order and learning can take place. When we don't follow the rules there is disorder and learning can't take place.

Term 3 Week 11
END-OF-TERM ASSESSMENT TERM 3

Introduction

Below are end-of-term assessments you should administer during the final weeks of the term. Writing and listening assessments can be administered to the whole class. Reading and speaking assessments need to be administered to learners individually. Begin these assessments by Week 10. Assign a level to the learner’s performance using the following system:

Level 3 (L3): The learner’s performance exceeds the competence expected. Symbol: △
Level 2 (L2): The learner’s performance meets the competence. Symbol: ∧
Level 1 (L1): The learner’s performance does not meet the competence. Symbol: /

Reading Assessments (administered individually)

Fluency and Vocabulary Assessment:
Write 5 decodable words from the term on flashcards. Show the cards to the learner one at a time. Ask the learner to read the word. Then ask the learner to use the word in a sentence.

L3: Reads all 5 words correctly. L3: Uses all 5 words correctly in complete sentences.
L2: Reads 3-4 words correctly. L2: Uses 3-4 words correctly in mostly complete sentences.
L1: Reads 2 or less words correctly. L1: 2 or less words correct. Cannot form full sentences.

Phonics Assessment:
Write selected letters from the term on a sheet of paper. Point to a letter. Ask the learner to say the name of the letter and the sound the letter makes. Do this for 5 different letters.

L3: Successfully completes the task for all 5 letters.
L2: Successfully completes the task for 3-4 letters.
L1: Completes the task for 2 or less letters.

Listening Assessment (administered as a group)

Listening Comprehension Assessment:
Compose a story to tell to the class or find a story to read. Create 3 comprehension questions about the story. Tell/read the story to the class and then ask the questions one at a time. Have learners draw or write their answers on a piece of paper. Collect and assess.

L3: Answers all 3 questions correctly.
L2: Answers 1-2 questions correctly.
L1: Does not answer any questions correctly.
Writing Assessments (administered as a group)

Handwriting Assessment:
Write 6 letters taught during the term on the chalkboard (3 upper and 3 lower case). Ask learners to copy them using their best handwriting in their exercise books.

L3: Formation of the letters is excellent. All 6 letters formed correctly.
L2: Formation of the letters is good. 3-5 letters formed correctly.
L1: Formation of the letters is poor. 2 or less letters formed correctly.

Spelling Assessment:
Select 5 letters, syllables or words for a spelling test. Dictate the letters, syllables or words one at a time and have learners write them in their exercise books. Collect and assess.

L3: Spells all 5 correctly.
L2: Spells 3-4 correctly.
L1: Spells 2 or less correctly.

Creative Writing and Name Writing Assessments:
Tell learners to write a story about what they plan to do during the school holiday. Explain that they can use pictures and words to tell their story. Make sure learners write their name. Collect and assess.

L3: Writes a meaningful, well organised story using pictures and words.
L2: Writes a meaningful, well organised story using pictures only.
L1: The story is poorly organised and difficult to understand the meaning.

L3: Writes both names with correct spelling and letter formation.
L2: Writes at least one name with correct spelling and letter formation.
L1: Cannot write name using correct spelling and letter formation.

Speaking Assessment (administered individually)

Public Speaking Assessment:
By the end of Week 10 you should have observed and assessed all of your learners’ speaking competences during the News lesson. During Weeks 11 and 12, select learners to assess who have not yet told a News story to the class or who have not yet attained the speaking competence.

L3: Tells a meaningful, engaging story with excellent confidence and animated expression.
L2: Tells a meaningful story to the class with confidence.
L1: Tells a story that lacks meaning or displays a lack of confidence when speaking to the class.

Handwriting Guidelines for Primary 1

What are the handwriting competences in P1?

P1 learners should be able to demonstrate two competences.

• sit properly and holds the pencil correctly when writing.
• write letters with correct starting point, formation and direction (left to right).

These two competences can be translated into 6 observable handwriting behaviours to assess:

1. Sitting posture (This may not be possible to assess if learners don’t sit at desks.)
2. Pencil grip
3. Starting point
4. Letter formation
5. Direction (left to right)
6. Spacing between letters and words

The literacy component addressed during handwriting is primarily handwriting fluency. Regular practice of letter formation will also support learners’ knowledge of alphabetic principle.

What instructional methods do we use to teach handwriting in P1?

Air Writing: Before writing with a pencil, learners practice writing in the air.

Tracing: After air writing and before writing in their exercise books, learners trace the letters in the pupil book.

The Letter Formation Phrase: When forming the letter in the air or on the chalkboard the teacher uses a simple phrase to help learners remember the correct formation.

I Do-We Do-You Do: Handwriting instruction follows this standard model of 1) teacher demonstration; 2) whole class practice; 3) individual assessment.

The Four Guidelines: These lines correspond to the lines in the exercise book. Pupils use the guidelines to support correct letter formation. The four guidelines are illustrated on the following page.
The names for these four lines have been translated into your local language. They can be found in the glossary of this teacher’s guide.

Don’t expect learners to master using the guidelines until the middle of Term 2. Be patient. Learning good handwriting takes daily practice over many, many months.

**What about left-handed writers and other special needs learners?**

Learners who favour their left-hand for writing should not be forced to use their right hand. Special considerations for left-handed learners include:

- Identify left-handed writers as early as possible so that appropriate interventions can begin.
- Seat left-handed learners at the left end of a desk so they have enough space to write and do not interfere with right-handed learners.
- Demonstrate air writing for both right- and left-handed learners.

Modifications for learners with physical disabilities or visual challenges should be considered on an individual basis.
